- **CTA 2**: Our 13-Stage Process

Origin Section

- **Label**: House of Spirits
- **Headline**: Cousins Distillery Ltd. was born from a shared belief: spirits should be as refined as the moments they accompany.
- **Body 1**: Founded by kindred spirits with a deep respect for craftsmanship, we began with a vision to create spirits of exceptional purity, balance, and character. This commitment led us to develop our signature 13-stage distillation process, a disciplined method that removes impurities while preserving the subtle aromas and silky texture that define our house style.
- **Body 2**: Today, Cousins Distillery is no longer just about vodka; it is a house of spirits. We craft vodka, Blue Agave Spirit, tequila, and whiskey under the same exacting standards.

The Craft (13-Stage Process)

- **Headline**: Thirteen stages. One obsession.
- **Body 1**: Most distilleries stop at three or four passes through the still. We run every spirit through thirteen precisely controlled stages — each one removing what is unwanted and concentrating what is extraordinary.
- **Body 2**: The result is a depth of purity and flavor that cannot be replicated any other way. This is not about efficiency; this is about devotion.
- **Steps**:

1. Milling & Mashing
2. Natural Ferment
3. First Distillation
4. Low Wine Sep.

5. Copper Still Pass
6. Heads Cut
7. Hearts Selection
8. Tails Cut
9. Rectification
10. Charcoal Filter
11. Oak Resting
12. Barrel Selection
13. Final Bottling

- **Headline**: Curated Collections.
- **Body**: Handpicked selections, perfectly balanced and ready to enjoy.
- **Spirits**: Blue Agave, Vodka, Tequila, Whiskey.

Philosophy

- **Label**: The Core Philosophy
- **Quote**: "Refinement is not extravagance — it is discipline."
- **Body**: This is for those who recognize that true distinction is found in the spirit of unity and uncompromising craft.
- **Accent Label**: FAMILY FIRST

Experience & Distinction

- **Label**: The Experience
- **Headline**: Spirit of Distinction.
- **Body**: Exceptional smoothness and a finish that lingers. For those who acknowledge true craftsmanship.
- **Features**: Pure Ingredients, 13-Stage Process, Finest Grains & Agave, Small Batch.

Products

Cousins Vodka

- **Eyebrow**: ☐ Heirloom Corn ·
- **Headline**: COUSINS VODKA
- **Subtitle**: Heirloom Corn Expression

Subheading: Born from the fertile plains of our Canadian farmer partners, our Vodka is crafted from rare heritage varieties of corn—a grain we have coaxed into producing a truly remarkable spirit. Through thirteen precise distillation passes, we reveal a clean, silken spirit with an almost weightless texture and a gentle sweetness from the corn's natural sugars. The result is vodka with genuine character and a finish that lingers far longer than traditional spirits. Cousins Vodka is made to be savored, not just mixed.

- **Stats**: Base: Heirloom Corn, ABV: 40% vol., Stages: 13, Origin: Canada
- **Story**:
- **Why corn**: Corn vodka is one of the world's best-kept secrets. Unlike wheat or potato, quality heirloom corn brings a natural sweetness and body that creates a distinctly satisfying spirit with genuine personality. We grow heritage varieties on our Canadian farmer partner's plains — cultivars selected not for yield, but for flavor. The cobs are sun-dried, stone-milled, and mashed on-site within hours of processing, preserving every nuance of the grain's natural character. The result is vodka that stands apart in a cocktail as easily as it shines served neat over ice. Clean, but not empty. Pure, but not clinical.

Thirteen passes to perfection: Our master distillers run each batch of corn mash through thirteen distinct stages in our copper pot stills. The early stages build the base spirit, the middle stages refine and concentrate, and the final stages polish the product with surgical precision. Activated charcoal filtration at Stage 10 removes even trace impurities, resulting in vodka of astonishing clarity. With no additives or flavor enhancers, nothing is added and nothing is hidden. What you taste is purely the corn, purely our craft, and purely our land.

- **Tasting Notes**:
- **Nose**: Delicate & Clean (Fresh grain, Sweet cream, Mild vanilla, White pepper). The profile is light and inviting to the nose, featuring the gentle sweetness of fresh-milled corn. It offers subtle vanilla undertones from the copper stills and a clean, crystalline quality that signals exceptional purity. The overall character is restrained, precise, and quietly exciting.

Palate: Silken & Warm (Sweet corn, Lemon zest, Soft butter, Mineral stone). Our vodka features an unexpectedly rounded, creamy texture where the natural sweetness of corn is balanced by a subtle citrus brightness. It is smooth and approachable—the kind of spirit that converts those who typically do not enjoy vodka.

- **Finish**: Long & Memorable (Warm spice, clean grain, Lingering sweet). Our Premium spirit features a long, satisfying finish with gentle warmth that builds slowly and fades gracefully. This quality ensures the experience stays with you long after the glass is empty. For the best experience, it is exceptional when served neat at room temperature or chilled over large ice.

Cousins Tequila

- **Eyebrow**: ☐ 100% Blue Agave · Jalisco, México
- **Headline**: COUSINS TEQUILA
- **Subtitle**: Blue Agave Reserve · Three Expressions

Subheading: Our Blue Agave is sourced from the volcanic, mineral-rich soils of Jalisco, Mexico—the only region in the world legally recognized for tequila production.

Made exclusively from 100% Agave tequilana Weber Azul, the plants mature for six to eight years before harvest to develop complex sugars that industrial shortcuts cannot replicate. We offer three distinct expressions, each representing a different chapter of this extraordinary process:

- Blanco: Known for its bright purity. Rested for 7 months
- Reposado: A balanced and refined expression. Aged 3-6 months
- Extra Añejo: Offering rich, contemplative depth. Aged 3+ Years

- **Stats**: Base: 100% Blue Agave, Region: Jalisco, MX, Expressions: 3 Varieties, Stages: 13. **Expressions**:

Blanco: This spirit is crafted from 100% Blue Agave to develop a clean and vibrant profile. It highlights the natural character of the Agave tequilana Weber Azul with bright herbal notes, subtle sweetness, and a crisp, refreshing finish.

The Blanco is Tequila at its most transparent—unmasked by oak and unapologetic in its agave-forward identity. It offers the purest window into the raw ingredient and its volcanic origin.

-

Reposado: Our Reposado is oak-aged to perfection in carefully selected barrels. This process creates a smooth, elegant balance between the vibrant freshness of blue agave and the gentle influence of wood. You will notice hints of vanilla, caramel, and warm baking spices that enrich the flavor without overwhelming the palate. As the versatile heart of our range, the Reposado is equally suited for elevated cocktails or for sipping slowly over a single large ice cube.

Extra Añejo: Our Extra Añejo undergoes an extended aging process in premium oak barrels, transforming the spirit into one of rare depth and distinction. This lengthly process allows rich notes of dark caramel, toasted oak, dried fruit, and complex spice to emerge while deepening the core blue agave character. Much like a fine cognac or aged single malt, this expression is crafted for slow sipping. The Extra Añejo is our most contemplative offering, created for those who appreciate that the finest things in life cannot be rushed.

- **Tasting Notes (Blanco)**:
- **Nose**: Earthy & Floral (Agave blossom, Citrus zest, Roasted earth, Green herbs) the nose opens with the unmistakable perfume of agave blossom—wild, vibrant, and slightly vegetal. Fresh citrus lifts the bouquet, while hints of roasted earth reflect the 72-hour stone-oven roasting at the heart of our process. It is complex, immediate, and refined.
- **Palate**: Vivid & Alive (Roasted agave, Black pepper, Tropical fruit, and volcanic mineral). This spirit offers a palate of genuine complexity. Waves of roasted agave sweetness give way to tropical fruit, followed by a pleasantly assertive peppery bite. The mineral character of Jalisco's volcanic red clay soil comes through clearly and memorably in the mid-palate.

Finish: Long & Botanical (Dried herbs, White smoke, warm spice). A long, warming finish that dries beautifully, with lingering dried herbal notes and a faint smokiness from the stone ovens. It is the kind of finish that rewards patient sipping—one of those rare spirits needed to be understood, not simply consumed.

-

Cousins Whiskey

- **Eyebrow**: ☐ Single Farm Rye ·
- **Headline**: COUSINS WHISKEY
- **Subtitle**: Single Farm Rye Expression

Subheading: Rye whiskey is the boldest spirit we make, rewarding patience and attention. Our rye is grown in the cool, elevated fields of our Canadian estate, where significant diurnal temperature shifts force the grain to develop a density of flavor rarely found in commercial crops. Harvested at peak ripeness, our whiskey is naturally fermented, distilled through thirteen copper stages, and rested in hand-selected Spanish oak barrels. The result is a spirit that is decidedly its own: Canadian in origin, classical in craft, and absolutely unapologetic in character.

- **Stats**: Base: Single Farm Rye, ABV: 40% vol., Stages: 13, Barrel: Bourbon Oak.
- **Story**:

Rye grown at altitude: Grown in Canadian farmer's plains in cool elevated fields where diurnal temperature swings can exceed 20°C, our rye develops a unique aromatic density and deep spice complexity. These conditions, combined with our use of lower-yield heritage varieties, result in a flavor profile that is vastly superior to commercially grown grain.

To preserve this quality, our grain is stone-milled and mashed on-site within 24 hours of harvest. We also utilize natural fermentation with wild yeasts to fully express the unique terroir of our estate.

Bourbon oak Resting: Cousins Whiskey rests in hand-selected Bourbon oak barrels sourced from coopers we have partnered with for years. The Canadian climate—characterized by scorching summers and cool winters—drives a steady, cyclical barrel absorption that deepens the spirit's evolution naturally.

We bottle our whiskey only when it is ready, rather than following a fixed schedule or quarterly targets. This commitment to patience is what distinguishes Cousin Whiskey from everything else on the shelf.

- **Tasting Notes**:

Nose: Bold & Spiced (Dark caramel, Toasted rye, Cinnamon bark, Dried cherry This whiskey offers an immediately commanding nose, with notes of dark caramel and toasted rye bread, followed by warm cinnamon bark and clove. With time in the glass, hints of dried cherry and orange peel emerge. It is deeply inviting and unlike any Canadian whiskey you have encountered before.

- **Palate**: Rich & Layered (Toffee, Black pepper, Oak tannin, Dried fruit). The palate is rich and layered, with bold rye spice at the forefront—specifically black pepper and cinnamon. These notes are softened by toffee sweetness and the gentle grip of Spanish oak tannins. The complexity builds with every sip; it is never one-dimensional and always reveals something new.
- **Finish**: Long & Warming (Oak smoke, dark spice, Vanilla cream). It offers a long, warming finish with a satisfying oak dryness and lingering dark spice. A whisper of vanilla cream emerges at the very end, softening the close beautifully. It is the kind of finish that encourages you to place the glass down slowly and sit quietly with your thoughts.

Cousins Agave

- **Eyebrow**: ☐ Pure Agave ·
- **Headline**: COUSINS AGAVE
- **Subtitle**: Pure Agave Blanco Spirit

Subheading: Cousins Agave is our most untamed expression. While it operates outside the traditional categories of tequila, this 100% pure agave spirit is crafted with the same level of devotion.

Cultivated in the fields of Jalisco, Mexico, for five to eight years and harvested at peak maturity, our agave is processed using traditional techniques and our signature distillation process. The result is a singular spirit—wild, expressive, and unforgettable. It is neither Mezcal nor tequila, but something entirely unique: "Cousins Agave".

- **Stats**: Base: Pure Agave, ABV: 40% vol., Ferment: Open Air, Origin: Jalisco, Mexico
- **Story**:

Agave grown on Mexican soil: Native to Mexico, agave thrives in high temperatures without the need for additional water. Our plants grow on the dry, well-drained, sun-exposed slopes of our Jalisco estate, where the intense heat and low rainfall provide the ideal conditions.

We cultivate several agave species for this expression, prioritizing flavor complexity over any single botanical profile. The result is a spirit with a distinct Mexican character that reflects both the volcanic, mineral quality of the plant and our estate's warm, dry terroir. It is at once familiar and entirely novel.

Open-Air Fermentation: Our piñas, the heart of the agave plant, are slow-roasted and crushed before the juice ferments in open-air stone vats. During this stage, the juice is exposed to the wild yeasts on our estate.

As the most traditional and least controlled step in our process, this natural fermentation allows for remarkable aromatic complexity. Depending on the season and ambient conditions, this stage can take up to seven days. We do not use commercial yeast or temperature control; instead, our process relies entirely on agave, air, and time.

- **Tasting Notes**:

Nose: Wild & Botanical (Roasted agave, Wild herbs, Stone fruit, Sun-baked earth, Light smoke). Our selection features a genuine wildness with notes of roasted agave, wild herbs, and a subtle smokiness from the stone-roasting process. Underneath it all is a sunbaked earthiness that evokes the Spanish landscape in the summer heat. This profile is complex, evolving, and deeply compelling.

- **Palate**: Intense & Expressive (Charred agave, Citrus pith, Sea minerals, Green pepper). Our latest spirit offers an expressive palate with the intensity that only open-air fermentation can produce. It features notes of charred agave sweetness, citrus pith, and a pleasingly assertive vegetal quality, concluding with a sea-mineral finish unique to our Mexican terroir. This is a spirit crafted for the curious and the brave.

Finish: Dry & Lasting (Dried botanical, light smoke, Mineral salt). Our finished product offers a long, dry, and beautifully botanical profile with notes of light smoke, dried herbs, and a faint mineral saltiness that lingers and evolves over several minutes. It is a finish that changes your understanding of what agave is capable of, inviting you to immediately reach for another measure.
